5. Farises: Continue to pray for refreshment and renewal as the Farises are on sabbatical in the US for the next four months.
6. Church leader training: For God's provision of a long-term team member to continue to train and mentor local pastors and elders.

Churches

16. Transmitter repair: Thank God that the transmitters have been fixed and are ready for shipping back to South Sudan.

Mercy

19. Cultivation season: The rains were good in June and crops are growing well; pray for continued good rains.

21. Prices: Thank God that the price of food staple sorghum went down a little last month; continue to pray that believers would be looking to the Lord in faith and that He would provide for his people.
22. Diaconal help: Wisdom for church leaders, particularly deacons, as they seek ways for their churches to help the most needy among them.
23. Malaria prevention: That people would have access to bednets and use other preventive means so that there would be fewer cases of malaria this year than last.
24. Help: Wisdom and grace for the C4C team as they respond to requests and seek to help with the many needs around them.

Education

25. BLYCSA high school Bible study groups: That leaders would be faithful in leading the Bible studies and students would be faithful in attending them.
26. Cush Christian School: Give thanks for the help of volunteers Myra and Bridget; Myra left late last month, and Bridget will stay until the school year ends in November. Pray for God's provision of more help for the 2018 school year.
27. BLYCSA: That the ministry would extend to new schools and new areas.
28. Cush Christian School: That God would give the students courage to use their English.
